

## 15. Volunteers With Contaminated Original

### Sirian Crystals and Replicas

#### The Masters Through Zim

*Those Beings, who Sought Additional Power and Influence and Energies and Gifts by Corrupting Their Original Sirian Crystals by Adding Replicas, Are To Be Pitied Rather Than Scorned or Condemned. They Had All The Power and Energy and Gifts They Could Utilize with Their Limited Bodies and Minds and Beingnesses, Yet They Craved More, More Than They Themselves Knew Was For Their Own and Others' Highest Good. They Sold the Use of Their Precious Crystals to Others in the Futile Hope of Gaining More. They Did Get Replicas that Were Very Similar To The Originals But With it They Lost the Pristine Purity They Once Had. They Thought They Were Getting More Power and Gifts and, Indeed, They Were But They Were Powers and Gifts of Lesser Light, of Grayness and of Darkness. They Lost the Protection That the Original Crystals Carried With Them and Thus Opened Themselves to Entry By Forces and Energies That Were Contaminated with Lesser Truth, Lesser Purity and Lesser Intent to Serve The God of All.*

*These Individuals, and There Are Not Very Many Compared with Those Who Retained Their Purity or Purpose and Strength With the Original Crystals, are Now Flailing About In Life, Seeking the Power, Purity and Influence which They Once Had. Even though They Have Gone through Many, Many Incarnations, They Still Have the Inner Silent Knowing of What It Was Like and What it was They had Lost. That Knowledge is Not Clear or Even Understood or Known By Them in Their Present Incarnation. It is Only the Merest of Feelings and Understandings That Are Deep Within the Subconscious and Rarely make even the Smallest Impression on the Consciousness of These People. Yet it is There and so They Are Among the Most Desperate of People Now. They Know Much is Wrong, as You Say on Earth, But Don't Really Know What It Is or How To Fix It.*

*What Can Be Done For Them by Others on Earth is Limited. The Best Course is to Be Open and Frank With Them. Explain to Them About the Crystals and About the Weaknesses That Led Some to Barter Away the Use of Their Precious Original Crystals. Explain How That Opened the Doorways and Portals of Their Beingness to Lesser Light, Lesser Truth and, Indeed, to Grayness and Darkness. The Forces of Darkness Come in a Myriad of Forms and Faces, so Many That It Is Impossible for Earth Beings to Recognize and Acknowledge All of Them. Be Thus Open and Frank with Them. Tell Them What Spirit has Revealed to You of the Crystals, the Misuse of Them and the Results of That Misuse, Including the Eventual Destruction of Maldek Itself.*

Thank You Dear Masters.
