

INTEGRATING THE SACRED FIRE OF YOUR SOUL WITH THE SACRED FIRE OF YOUR SPIRIT

Malachi Through Katherine Torres, Ph.D.D.D.

For Barbara "Marrianna" Zimmermann

How do I integrate as much of the sacred fire of my soul with the sacred fire of spirit with conscious awareness and then how do I control and radiate this pure essence of the Creator?

"Indeed we would return to the new ultra violet ray would we not? But let us also talk about the **gateway of fire with its two portals. The beautiful gold ray shimmering vibration and beautiful coral ray shimmering vibration. This is the activation of the spirit in matter and were you not gifted by the golden horse?"**

Oh, yes I was!

"And so in that you will realize this is a very powerful energy to be used within you to activate your strength of spirit, to live its grand truth without hesitation, in fact to be very blatant doing it. It is the power of yourself knowing truth, therefore living it, therefore teaching it, therefore speaking it."

How exciting! I want to paint a gold horse.

"You will do that"

Does the horse have a name I can call him?

"Unto itself it says 'you may call me Sheer because I am sheer gold'!"

Oh, I love it, sparkling gold!

"Indeed"

Responding To The New Ultra Violet Light

How do I capture and automatically activate with my compassionate, unconditional loving energy, and all the Divine Light particles that are magnetized and directed to me?

"Beautiful One we will do it again!"

I am already it?

"You are there and you have been responding to the ultra violet Light and that is how you are capturing it."

That is what I will share with others then. Thank you Malachi!
