Commitment

How do I create an active aware relationship with my next advanced facet of my higher self and higher dimensions?

"Alright by that Beautiful One we will begin with the word **Commitment. Maintain your commitment to Feel, to Live and to Express this higher self. It is not lost, it is not separate and it is not somewhere. It is you and what will it be that allows you to live it is your reverence to it. That you are reverent, you are responsive with it and you are responsible with it.**

Thank you Malachi.

Sacred Crystal Sites

What is the nearest sacred site where historical scientific memory seed crystals are stored near where I live?

"We will first have a giggle. That site is within you!"

Oh, how do I connect with it then?

"**Everything is within so you see you do not have to go find a parcel of land, it is within you.** Well Beautiful One what have we been doing on this day? We asked of you to enter into the sacred iron core, have we not?"

Yes.

"To see the field of crystal vibrations that is radiating the New Vibrations of Light frequencies, allow yourself to do that then allow yourself to be in the garden of these crystals right there within your own being."

So then we just ask for what would be to our highest good to know at this time?

"Indeed, indeed."

Drawing Forth Divine Will Power

How do I draw forth the full measure of the 1st Ray of Divine Will Power and the Creator particles of Light life from within me?

“How do you draw forth? Well Beautiful One, our activity of this day how have you been feeling?”

Wonderful!

“You are drawing it forward!”

I am not in as much pain as I sit here Malachi.

“Indeed, indeed and that is your gift of realization. **You are allowing yourself to release what is contained within you.**”

It is like a fountain! It truly **feels** like a fountain. I am so thankful!

“Indeed, indeed the planet awakens! It forms now its true position in the galactic sphere of consciousness. Earth is not separate from them, earth is not lost from them, earth is them.”

Oh that is so wonderful Malachi.

Thank you!
