

THE TEMPLE OF SPIRIT'S SOUL

Malachi Through Katherine Torres, Ph.D.D.D.

For Barbara "Marrianna" Zimmermann

"In the Glory of All That Is we say greetings! In the beauty of the New Light we say greetings! We ask you as always to take a breath that you **feel that Glorious New Light merging and is indeed rising in your consciousness.** You **feel** it do you not?"

Yes, I do, it is exciting!

"Indeed it is very exciting. Here we say throughout the galaxies there is rejoicing. Throughout the beautiful Universe there is rejoicing. Within yourselves there is rejoicing. So we have the constanceness, the constance of the trinity and we say unto you as we have been telling all of you. **You are the Holy Trinity, you are the Spirit, you are the Soul and you are the Mortal Body. The beauty of the Mortal Body is, it is the Temple of Spirit's Soul.** Therefore, you are in union already, are you not?"

Yes how exciting!

"Indeed, indeed, before you begin your questions we must acknowledge that there is a beautiful vibration of the Golden Ray, a **horse** is here. That vibration is bringing you beautiful stamina, beautiful energy and beautiful regality."

Wonderful!

"So take up this friend that walks in the energy of your spirit, the Golden Horse.

Thank you Malachi

Overview of My Spiritual, Emotional, Mental, Physical, Ego and Soul Body Vibrations (S.E.M.P.E.S.)

"We shall say in the vibration of **Spirit** you are very excited and you are allowing the Rays of Light to merge with you. In the vibrations of your **Emotional Body** we say take it up. Take up the spirit vibrations so that there is nothing that you allow to disturb the Emotional Body. For that is very important. You are attempting to get a balance there, are you not?"

Yes.

“In the **Mental** vibration Beautiful One do not separate, now what do we mean by that? There is a bit of your mental energy that is drifting off when you should be in focus and when you are in focus Beautiful One then you must be in the intention of what you are doing. For the **Physical Body**, yes call forth the spirit through the body, so the body can take up the strength and we will call it the **strength of the golden horse**, will we not?’

Yes we will!

“You will **feel** the strength in your body, you will **feel** the capabilities of your body to continue to move itself forward. Not to be debilitated. The energy of your **Ego** – let us remind you when you are in the positive vibration of the ego, you express God openly. **Remember that acronym for Ego is Express God Openly**. Your **Soul**, well let’s have a good giggle, you know what it means, the sweeping the floor?”

Yes

“Your soul is given an image of sweeping itself, clearing itself in the readiness and vibration of allowing the energies of New Consciousness to emerge within. That is a good blessing within yourself. For what you have said here into your own energy. I am willing to let go of all past, all past lives, all past karmes. **I am clean and cleansed and ready to set the Fourth Pace of the New Garden of the New Life!** So that is the vibration of your soul.”

Thank you so much Malachi.
