

SPIRITUAL GUIDANCE FROM THE PROPHET MOSES

Malachi and Moses Through Katherine Torres, Ph.D.D.D.

For Barbara "Marrianna" Zimmermann

Does Moses have a message for me?

"Moses is tapping your spine and so once again calling you to **feel** the full flowing energy in your spinal fluid. There you will again **feel** the vitality of your humanness of spirit. He says to you, you may look at your 7 earthly chakras as keys of awareness, keys of spirit activated. So you call him to meditate with you and with each beautiful chakra center. He says to you meditate with me, start with the crown and come down to the root chakra."

Oh, I would have gone the other way!

"Indeed, indeed. He is doing that, he says to you, so we can ground the vibrations into the earthly conditions."

May I ask him a question?

"Indeed!"

Are each one of the chakras gateways to the dimensions?

"Always, always he is also quite willing to be with you when you draw the golden horse."

Oh that is wonderful!

"What he is doing right in this moment, Beautiful One, is impressing his face behind the horse."

Oh how exciting. Will my horse have a horse head or his head?

"The horse will have a horse head and behind him that of the face of Moses."

I will create something.

"Moses says to you the golden horse is like the golden flames of the burning bush in which he learned of the I AM!"

Oh! Thank you so much!

Bring In The Light of Wisdom and The Law of Life Mastery

“Here again Moses has two things here in front of you. One is a pen, that you continue to write the Sacred Wisdom, two is a paint brush.”

I wonder if it is for the golden horse he is going to help me paint? Does he approve of my idea of his hands behind the horse with his hands pouring out golden light?

“Indeed, indeed. We have a good gift for you in the power of the rainbow. Beautiful One, it is important that you recognize something of the vibration of the consciousness of your earth in connection with the consciousness of Source. For here you are about to come into another year called 2012 and when you take 12 plus 2 you have 14 and that is what the year is. In the year Beautiful One there is a powerful wisdom in the essence of the horse and the power of the rainbow. **In this powerful year 14 it relates to that which is called the beautiful pathway on the Tree of Life with the Hebrew letter Temec which is angelic support. Unto the vibrations of this that pathway leads into the beautiful center of the Tree of Life, the heart of the tree the glorious Light of the Christ Consciousness. You have a Light of Wisdom here and let us add one more in the power of the year ahead of yourselves. For you too will take the number of 14 meaning you will add 1 to 4 and you will have 5 and that is the Law of Life Mastery. So here know the angels are supporting all of you to recognize the power of your mastery. Yes, as always we say now it is a gift to your mastery – Live It!”**

Thank you Malachi.
