

ACTIVATING THE PILLAR OF LIGHT WITH EARTH AND YOUR SOUL STAR TETRAHEDRON

Can you assist me in activating my Pillar of Light and connect it with the heart core center of earth and my soul star tetrahedron?

"Indeed Beautiful One, you know what the **Haar Line** is?"

I don't know.

"Well this is the **center point of conscious Light** you are asking for. So Beautiful One you may see this frequency or ray of Light that emerges from the many higher dimensions above you, right through you and into the iron core crystals in the center of earth. It is activated all the time. It is whether or not you are aware of it. So Beautiful One it has what you may call star points, meaning more strength in the vortex of the passageway at the beautiful 8th chakra, at your heart chakra and at the energy between your solar-plexus and your 2nd chakra. These are called **Star Light Points** because they are so strong they radiate a bit more Light than the Ray channel. Now for you to realize they are activated that you simply align with your chakra centers, that you recognize a Divine Ray passing through the whole you, that as it does so, you recognize a star Ray you may call it **Brilliant Light**, Beautiful One, not of any particular color. It is a Brilliant Light and at your 8th chakra it expands well beyond your personal awareness. With a center point more bright you will do the same at your heart, and you will do the same at that point, between your solar-plexus and your 2nd chakra. Then you will **feel Light frequencies anchored within you**. Does that help you?"

It does! But what chakra is my star tetrahedron at?

"It is indeed at your 2nd chakra."

Oh it is! I thought it was above my head.

"Beautiful One, that is a part of your personal consciousness that has not yet accepted that this is within you. So when your consciousness attempts to make connection you go outside your body right above your head. **Now come inside your body and you will feel the brilliance of the tetrahedron and you will feel the star Light blazing through you.**"

I will do my best to do that!

"Indeed and allow yourself, shall you desire, to **feel the personal you embedded within it**, that will provide growth."

I will do that! Thank you very much Malachi.
