

PROCESS FOR REMOVING MAM-MILLION ANCIENT MEMORY CONSCIOUSNESS AND CONNECTING WITH YOUR GENIUS POTENTIAL

Malachi Through Katherine Torres, Ph.D.D.D.

For Barbara "Marrianna" Zimmermann

Can you assist me in connecting my soul song energetic signature with the Consciousness Frequency Light Codes of my genius potential stored in higher dimensional levels of my sacred mind in the back of my head? Is that my crystal bed they are talking about or is that different?

"Beautiful One, here **we are going to talk about at the back of your head is where the greatest vibrations of the Source Memory is stored, if you wish you may call it that of the crystal bed. What we are asking of all your humanity is to remove part of the ancient memory so that all you have left is the memory of the Source that you are. The entire imprint of you as the individual is what moves to the forward consciousness.** Not left hidden in the back of your head with the dynamics of your genetic structure or that of what is called your memory of your consciousness. Now how do you do that?"

Process

"Well Beautiful Being here we are going to tell you to take a deep breath and **feel** the front part of your head and remain there for a few moments. In your breath you will say to yourself **'I am bringing Light into the front portal of my head.'** Which is your consciousness that you will use intently. Then Beautiful One you are going to allow yourself to **feel** your own consciousness turn about from the front part of your head and radiate that Light to the back part of your brain. As you are doing that, **that stream of Light will shed the Old Mam-million energy and release the most ancient of the ancient energy the I AM Source vibration within you!** Then everything you ask for is already done."

Are you saying "Mam-million"?

"Mam-Million, yes. You are a mammal, are you not? So what you have stored here is everything in existence upon this earth that has had recording vibrations from many different stations of life and memories of life many worlds already lived. You have lived four worlds already and you are about to line a fifth world. **What the Great Divine is doing in all existence is to release the Fourth World forever. You are done and to emerge with the Fifth Light. The Fifth World which is a constant ray of awareness that you are source. It is a constant ray of**

intentionality of peace, it is a constant ray of intentionality creativity. The messages you have been living and teaching and sharing amongst each other that you are creators will be so dynamic you will not wonder if you know you will know it in the instant. This is a time of opportunity as you come into 6the Fifth World. Some of you will even call it the Fifth Race. That you will realize you are Source Embodied to the Fullness. That you are in the playground of creativity and that you can indeed carry on peacefulness throughout your world. Interactions with your Oneness in which you know you are sharing wisdom amongst the individual components and not have to **feel** the jealousies that create the wars. You will not have to **feel** the separation that creates the distance between yourself and another and you will not have to create jealousies that fashion yourselves as different.”

Oh that is wonderful! That is the foundation for the New World!

“Indeed it is!”

Oh thank you so much. I am so glad I am alive!

“Indeed, that is a joy! Is it not?”

Yes, thank you Malachi.
