

6. "Feel My Presence Within Your Body."

'IS' the Creator of All That Is.

'IS" and "Marrianna"

'IS', 'IS', 'IS', please come and speak with me this evening.

"Do Not Fret or Wonder if you are Making this up. Take a Deep Breath as you Inhale the Is-ness of My Being. Feel My Presence Within your Being."

"Notice how the Cells Seem to Expand with Excited energy. Know Every Ounce of your Being Knows I Am That I Am, Residing within you. I Am your Gifts, your Eyes, your Breath, your Thoughts, your Ideas, your Ups and Downs. All are Expressions Experienced by Both of Us which allows Me to be witness to My Grandness. All is in Expression of My Love, the Gift of Myself to you and Back Again unto Myself. The Joy I Feel when My Children Awaken to the Joy That they are All that They Could Ever Think or Want to Be. As They Recognize we are One, I Am who you have been Seeking and I Am You!"

"I Am 'IS' the Creator of all That Is."
