

24. Process To Increase and Heal Your Brain Capacity

Beloved Malachi, Katherine Bell, Ph.D.,D.,D.
And Barbara “Marrianna” Zimmermann

Can you Assist me in Increasing my Brain Capacity and Healing what Brain Capacity I Have?

“Indeed let us do this again with you, Beautiful One. Breathe in and Breathe out with a Relaxed State of your Being. That means Relax the Mind. As we Invited you Before to Drop it Down All the Way Through your Body, that way your Mind is not Simply Above the Shoulders but Grounded Within You.”

“As you are Visualizing your Brain, Beautiful One, begin to Breathe what is called Sacred Light. We are going to Invite you to Breathe Ultra Violet Light and Watch it Merge through the Neurons within these Beautiful Neurons within the Right and Left Hemispheres, Within Every Cell in your Brain. Bring that Divine Love and the Ultrament Sacredness of Divine Mind. Feel them Increasing within your own Brain. Feel these Healing All Cells and Stimulating the Brain Cells that Appear to be Dormant. Feel them Healing All the Neurons and Keeping these Responding Instantaneously to the Light Healthy Consciousness. Feel the Healthy Vibrations Move through your Whole Body. Now Allow yourself, Beautiful One, to Carry this Feeling and Sensation of your Brain into the Beautiful Coiled fire of Spirit. Watch the Beauty of that Fire move Through Your Brain Purifying it Again. Visualize the Healing of the Old Dormant Cells and Neurons and Allow that Purification to move into Holiness. Visualize the Cells of the Brain and the Neurons All Interacting.

“Then Visualize the Sanapses of your Brain Bouncing with Joy, Delighted to Interact. Both the Right Brain and Left Brain Lighting Up! Energy Moving Through the Center Power of Your Brain Activating your Central Nervous System, Merging the Healing Energy Through the Rest of your Spinal Column Sharpening the Vibration in the Cells of your Whole Body. So your Whole Body Radiates Health which also Helps the Brain.”

I can Feel it go All the way Down, it is working on where my Pain has been.

“Indeed Beautiful One continue to Breathe In and Out and let this Beautiful Energy Continue for awhile as you Remain Still and Receive the Healing.”

Thank you Malachi.
