

30. The Prophet Moses Shares Ways To Ground Your Energy Into Gaia the Earth Mother

Beloved Malachi, Katherine Bell, Ph.D.,D.,D.

And Barbara “Marrianna” Zimmermann

Does Moses have a message for me?

“Moses has entered as you are talking about Gaia. He says to you, take your steps upon the Earth. Feel your Feet walking upon her. As you pass the Plant World make an acknowledgement, that it is the Roots Inside the Earth. Then you will Feel with your Feet connected to the Roots Inside. He says to you when you walk upon the sidewalk of your city Feel the stone of the Great Earth Mother that it created the sidewalks. Make a connection with the solid vibration of the Great Gaia. He says when you are watching human beings walk around that you will remember they are walking on the Greatness of Gaia. Feel that One and All are connected with Gaia. He says this will help you know Gaia and can help you bring energy from your shoulders to Your Feet so you can Stay Grounded. That is important.”

I’d like to thank him for all the healing he provides for me!

“He says he helps you stimulate that Kundalini Fire so you are Blazing Purification and Vitality, therefore the Health of the Body.”

Oh and I need that so much, I could do so much more if I had more Vitality.

“Indeed.”

Thank you Malachi and Moses.
