

31. What Does “144” Really Mean?

Beloved Malachi, Katherine Bell, Ph.D.,D.,D.

And Barbara “Marrianna” Zimmermann

When they say “144” I am not sure what that really means. Can you share with me? Have I fully activated all 144 activations needed to release the Light – Encoded Wisdom from my 12 Sacred Seals?

“Here is where Terms and Words have many of you lost in the awareness. We always wish to say to you, You call that 144 Legions.”

Oh, that is Everybody!

“Indeed, 144 thousand are the lives that you have lived through states of consciousness. So you are always pulling back “You” into Oneness. So when you say have I ignited all of that? Well Beautiful One, you will know when you have ignited it because you will be in your Purest Health, you will be in your Perfect Vitality and you will be in your Oneness!”

So, do I ask to have my 12 Sacred Seals activated or opened or what do I do?

“Now let us have a giggle. They are the Chakra Centers. So remind yourself they are your Personal 7 Chakras and then your Transpersonal Chakras. We talk about 13. The 13 being the Bliss do we not? So when you are Fully Aware of these Vibrational Energy fields of yourself then you are there.”

I will focus on that until I am there! Thank you Malachi.
