

41. Alignment With Light-Life-Line

**Beloved Malachi, Katherine Bell, Ph.D.,D.,D.

How do I move into alignment with the Light-Life-Line of Destiny and Metabolize the Light?

“Well let us have a good giggle, first you are doing it. Yes there is a difference in the Metabolism that you are talking about. Why? Because your Humanness has been living under certain subtle vibrations of the unconsciousness that has affected the physical genetic system of the Bodies for more than 3,000 years, do you understand?”

Wow, yes I do!

“So now Beautiful One, well thank you very much, the Spirit of the Divine says ‘you will say more than 5,000 years.’ Let us honor that! As though within yourselves, yes there is in the Evolution of this Oneness a movement in which yourselves are now Receiving Light to Ignite yourselves into a Genetic Harmony Gently.

“You have been studying for several of your years about the DNA strands and we are telling you this vibration of Light is penetrating the cellular system of Humanity to Ignite the RNA/DNAs in such a fashion that you begin to realize much more vitality, much more Harmony and much more Healthy.”

I am already Feeling that Malachi!

“Indeed you are.”

It is wonderful! Thank You so much!

“Indeed”
