

## **42. Ascension and The Two Suns**

**Beloved Malachi, Katherine Bell, Ph.D.,D.,D.  
And Barbara "Marrianna" Zimmermann**

Please talk to me about the Ascension and having two Suns and if we will experience three days of Darkness.

"Well Beautiful One, this has been a part of History that has processed down into Mind Consciousness, generation after generation, the power of the two Suns and the power of the three days of Darkness. Remind yourself much of it is based on Fear. Much of it Beautiful One, is based on the completion of the Earth.

"It is the Beginning, so when you are talking about the Two Suns you will Remember the Sun that you know in your skies are also considered the Sun of Light or the Divine One, Jesus the Christ. The second Sun is yourselves recognizing you are suns."

That is the Trinity!

"Indeed, Indeed, Indeed. So how long will it take? Well how long will you allow it?"

We have really missed the Boat!

"Well Beautiful One, you had the right fascination of the Story."

So there won't be Three days of Darkness, there is no need.

"There is no need for that."

And we are the Sun because we will awaken and Be the Light!

"Indeed."

Oh, I love it! I am so Thankful for you!

"Beautiful One, we have good chuckles over the fascination of storytelling and at times it stirs other people's minds to search for the Higher Essence. That is what the goodness of it is."

Like our Blessed Crystals!

"Indeed."

**Thank you Malachi**
