

44. Merging With Galactic Consciousness

Beloved Malachi, Katherine Bell, Ph.D.,D.,D.

And Barbara “Marrianna” Zimmermann

How do I merge with and interact with Galactic Consciousness and what can they share with me for Humanity?

“Well again Beautiful One, we will utilize the term to Blend, it is a Blending of consciousness. That you can Hear, Feel, and Tap into the Thought Forms that Expression from your Galactic Brothers and Sisters from the Dimensional, consciousness where Souls are dwelling that are more Ethereal than this World called Matter. You will find when you are Blending with those Others of other Dimensions and other Ethers and other Planets and Other Galaxies that their vibrations and Tonality and Communications will be as joyful to meet you, as you are to meet them.”

I guess my stumbling block is how do I begin?

“Well we will always say by Meditation!”

Just say ‘will you come and join me,’ just invite them? How are we sure we get the Highest of High?

“Well Beautiful One, always Know in your Mind and Heart, if you are in that Intention of yourself that is what you will attract.”

Thank you very much Malachi!

“Indeed.”
