

9. How To Create Your Transformation

Beloved Malachi, Katherine Bell Ph.D.D. and "Marrianna"

Can You Help Me Understand the Principles and Methodology of Transformation, So I Can Heal and Transform Myself?

Beautiful One That is a Beautiful Question. Now First We Want to Talk About The Essence of The Divine Fragmenting Itself. So Think of That For a Moment!

That Interests Me!

Indeed, Now The Beautiful Divine Allows Itself to Evolve in The Evolution. It Releases Itself From What is Termed the Singular Unit and Become it is Multitable Unit Fragmenting. Yet the Encoding in Every Fragment Becomes The Stars, The Galaxies, The Humans, The Animals, Plants, Every Existence That You Could Ever Imagine and More. These are Fragmented Pieces of The Divine Yet They are Never Separate, Never, Never Separate!

Oh it is Just All Fragmented. So We Can Vacuum That All in!

Indeed and That is Transformation! Transforming From The Fragmented Reality to The Unity Once Again. This is Why I Will Say to You "Your All in The Evolution of Oneness!" For That Transformation is Constantly Accruing.

Here How Do You Do it the Best? Well, You are Doing it! You are Releasing What You Call Old Attitudes and Old Beliefs. Separation Beliefs, Fallacies and Fantasies That Make You Feel That You Must Do Something Very Different, Very Strange, and All it is..... To Remember. You are The Oneness and The Oneness is in a Constant Joy of its, Challenges, of its Sacredness, of its Bliss, of its Fancies, of its Depressions, of its Joy. of its Light, of its Darkness, in The Constant Evolution of, Constant Transformation.

So is The Secret, The Breath and You Breathe it All in? That is What it is, Isn't it!

Indeed You Breathe it in With Your Intent and Knowing!

So if I Set My Intent to What I Want and Clear All My Chakras. Then Breathe That in and Make it Clear What I Want to Be Drawing to Me, Then That Will Work Wont it?

indeed Your Mind, Your Heart, Your Knowing Will Remain in The Oneness and The Transformation That Occurs, You Will Joyfully Move to The Transformation. You'll Not Think of Them as Something Bad that The Mind, The Emotions, The Human Body and The Experience of All Other People. It is a Process of Transformation That Unifies.

This is Coming Up For Me. I often ask For an Visualize a Dome of a Huge Golden Vacuum and Then I Ask Spirit to Vacuum Everything, That is Lower Than the 5th Dimension Out of Me. Now I Could Visualize That I AM Vacuuming Everything Back into Me, My Being.

Indeed!

Thank You Very Much My Beloved Malachi.
