

1. Oh Lord, How Did I Ever Get Into This?

Zim's First Steps on the Pathway of Light

From Lord Jesus and Archangel Raphael

I was Ordained a Lutheran Minister in May, 1957. I Served Congregations in Washington and California for Ten Years. In 1967, I began Working for San Diego County. I Retired from the County in 1990.

Over the Years I have Supported My Wife, Marrianna, in Her Metaphysical Interests but had Never Paid Much Attention to it. One day, however, I Became Interested in Seeing Auras and asked if She would Teach Me how to See Them. At the same time We began Meditating Together from Time to Time, especially while on Vacation. On One occasion I received a Vision of "Stone People" while Meditating in Sedona, Arizona. Being a Skeptic, however, I referred to this Incident as a Fantasy.

I gradually Learned More and More about Metaphysical Teachings while typing Psychic Readings and Material for Marrianna's Inner Child Workshops, 5th Dimensional "I AM" Classes and Initiation Ceremonies.

On June 17, 1993, I agreed to assist Her in an Initiation Ceremony to Awaken Light Workers to Their Christ-Consciousness. After Listening, I Ended up Participating and Made a Commitment, "To Follow My Spirit Without Hesitation," and to Put God before any Human Desire or Commitment.

The following day, Malachi gave a Group Reading through Katherine Bell, Ph.D.D. In the Reading Malachi urged Me to Meditate Daily and to Record Everything I Saw, Heard and Felt.

Although filled with Skepticism, I began Meditating and Recording on the Computer Everything that came to Me. To My Surprise, Words and Thoughts Began to Come to Me when I asked Archangel Raphael, and later the Lord Jesus, to Speak to Me.

The Following Represent My First Steps on the Pathway of Light. It is Presented with Love and with the Hope It Will Encourage Others to take Their First Steps Toward the Light.
