

11. The Light of God Dwells in All Things

In this Communication, Jesus Reminds Us that just as Seemingly Barren Parts of Earth are Filled with Life, so the most Evil Appearing and Unlikely People Also Have the Light of God Dwelling in Them. It Takes But a Spark to Let Them Begin To See that Light.

Dear Lord Jesus come and Sit with Me this Evening, be My Guide and Teacher. Show Me the Way To Go. Open My Heart and Mind and Spirit. Make My Knowing Such That it will make Thy Will a Blessing to Me and to All those Around Me. I open My Mind, My Heart, My Soul, My Feeling, My Knowing. If there is Any Message, Word, Information that You Want to Share with Me this Evening, I am Ready and Prepared. If You have Something for Me this Evening, please Speak to Me Now, at this Moment.

Your Drive today seemed like a Long Tedious and Boring Time. Through it all Your Mind Went Back to Your Inner Spirit and Knowing, Your Experiences, Your Ancient Things. Then Being Ready for many Other New Things, you Practiced Healing and Sending to the Light. You Practiced Breaking Vows and Agreements. You Learned the Good and Not so Good. You Learned just as in these Barren and Dry and Wide Open Spaces on this Earth, Where There Appears to be Little or Nothing, yet many of God's Creatures, Plants, Animals, Birds, Insects, Bugs of All Kinds Inhabit Them and so It Is with Mankind as Well.

There are Many Barren Appearing and Seemingly Waste Groups and Individuals and Peoples On This Earth. In them Also There is Much Life and Light. This is Only a Seeming Thing, for Inside them Burns My Light, the Light that Leads Onto the Pathway to Me, to the Heavenly Father, to the Holy Spirit, to Levels Far, Far Above Your Planet Earth.

It is Good to Remember that Though a Person May Seem Lifeless, Boring, Uninspired and With Low Vibrations, Still the Light of God Dwells In Him and He

Needs Only to Awaken. Only a Spark From You or From Another Light Worker Will Enable Him to Begin to Recognize and to Feel and See His Own Light.

The Dry and Barren and Seemingly Lifeless Land You Passed Through today is But a Picture of Much of Humanity. Seemingly They too are Lifeless and Barren but I Say to You They Also Bear Within Them My Light, the Light of God.

You are Becoming Anxious about Getting Home and that is a Good and Appropriate Feeling, for Your Home has Become and Will Continue to be a Place of the Brightest Light and the Highest Vibration. It Will Be a Source of Energy and Blessing to You and to Your Spouse and to All Who Come There. It Will Be like a Spring that has Pure and Healthy and Health-Giving Water, Only of the Spiritual Kind and Nature.

Thank You Dear Jesus.
