

17. What is the Pathway of Light?

To Those who are Not Familiar with the New Spirituality there are Many Words and Concepts that have New and Different Meanings. At best One can Make only an Educated Guess as to what the Definition or Meaning Might Be. Until One Reads Enough and Talks Enough to someone Who is Versed in the Language of the New Spirituality, He Remains pretty much in the Dark Concerning the Meaning or Intent of Many Phrases and Words. One such Concept is the Pathway of Light. I had Read and Heard these Words Many Times and Still Wasn't Sure just What they Meant. As often Happens, Jesus Sananda, used My Wondering to Teach Me in the following Communication.

You have been Wondering about the Term Pathway of Light. It is a Simple Picture My Child. A Pathway Leads from One Place to Another. Some are Broad and Level, others, Steep and Narrow. Some are Paved and others Filled with Rocks. In the Essence of It, however, the Simplest Description is, a Path Goes from One Place to Another.

So it is with the Pathway of Light. It begins when an Individual First Sees the Light Within Himself, when He First Begins to Suspect He is God-Like in some Ways, when He First gets the Glimmerings that God Dwells Within. That's the Beginning of this Pathway.

It Continues, sometimes Broad and Level and Easy to Travel but at other times Narrow and Steep and Suitable for slow Going at Best. Each time a Child of Light Learns something New, something more, each time He Gains a Deeper Knowledge, a Deeper Insight, He is said to Progress Upon the Pathway a Little Farther.

In the End, the Pathway of Light Leads back to Eternal Bliss with all Heavenly Beings and Ascended Light People. You see it is Simply a Picture, so that the Human Mind can Better Grasp what is Happening to Himself and Nothing More.

Now the Addition of the Word Light makes this a Very Special Pathway. The Light is Nothing Less Than the Love of God which Dwells Within Each Person. It is that Bit of God Which is In and of Every Single Individual. It is the Knowledge that God is Everything and Therefore In You and In Everyone Else as Well.

This Light is what Makes the Pathway Unique and Thrilling and Glorious to Travel. When this Light First comes into Man's Senses it may seem like Nothing Very Special but the More Man Learns of this Light, the More He Understands about it, the More He Grasps the Vastness and Magnitude and Glory of this Light, the More Wonderful the Pathway Becomes. The Light Person then Travels Faster, with more Cheerfulness and Glee and Pleasure.

The Pathway of Light Leads from Darkness of the Soul, the Absence of Knowing that God Dwells Within in Love, to Full, Total and Complete Knowledge and Understanding of What it Means to have God Dwell Within and To Be a Part of that Source of All and the I AM of All.

Thank You Dear Sananda.

At another time Lord Jesus Described those who Travel the Pathway of Light. He also Speaks of Some of the Wonderful Things that may Be Found on the Pathway.

Thus it is Ever For the Children of Light. As they Proceed Along the Pathway of Light they Become More and More Aware of what the Heavenly Father and All the Beings of Light Have Done for Them. They Become More Aware of the Magnitude of the Heavenly Father's Love for All Beings, All Things at All Times and All Places.

They Learn to Know the Will of God as Wanting and Wishing Only Blessing and Glory and Eternal Bliss for the Children of Men. They Learn that All the Great Beings of Light, the Hosts of All the Heavens, the Spirits of All Ascended Masters, indeed, of All Children of Light who Have Been Uplifted and Ascended, are Ever Ready and Willing, Nay Eager, to Serve and Share and Instruct and Guide and Lead and Assist and Honor and Recognize and Prepare and Protect and Support Each Light Child along the Pathway.

They Learn to Allow the Worry, Fretting, Cares and Concerns of Daily Living on the Earth Plane to Slide from their Shoulders like a Flimsy Scarf in the Winds of a Gale. They Allow the Fear and Anguish and Terror and Fearfulness that Characterizes the Human Mind and Emotions and Soul to Disappear in the Assurance and Reassurance of God's Love and Light and of the Love of all His Hosts as Well. They Begin to See how Limiting and Closed and Totally Out of Balance the Structures and Organizations and Governments and Laws and Activities and Thoughts and Wisdoms of this World Really are and they Begin to Seek and, Indeed, Find that Higher Wisdom and Knowing and Understanding that Comes with the Greater Energy and Vibrations of those who See and Recognize the God-Head Within and the I AM of Themselves.

All this My Child, and Much, Much More lies in Store for the Child of Light as He Proceeds Along the Pathway.

Thank You Dear Jesus Sananda.

One day My Brother Paul and I were Hiking in the Mountains. We decided to take a Trail that was New to Us and, of course, We became Lost. We tried a Number of Cross Trails and after much Indecision We finally Decided to Simply Follow Our Instincts and Cut Across Country in the Direction We Thought We Should Go. We

found a Dim, Seldom Used Trail and Followed It. Within 20 Minutes We Found a Campground and Knew where We Were.

Lots of Thoughts and Feelings came to Us as We Walked and Walked, Not Sure of where We were Going. That evening Archangel Raphael talked about our Experience and Did Some Teaching at the Same Time.

My Friend You Learned or Rather Relearned a Wonderful Lesson this Day. As You Felt and Feared and Became Anxious over Not Knowing the Way to Walk, so the Light Bearer Becomes Fearful and Anxious and Even Terrified when He Walks, Not Along the Pathway of Light, but Seeks to Strike Out on His Own and Find His Own Way.

Often this Happens when He Wishes to Feed and Strengthen and Reply to the Needs and Demands of His Own Ego and Personal Pride. When Ego and Pride Begin to Control Man, the Signposts and Arrows of God's Caring and Love Become Dimmer and Dimmer in His Mind and Heart and the Pathway of Light Becomes Faded and Difficult to Find and it Becomes Harder and Harder to Stay Upon It. Only when Men and Women and All Other Beings Set Aside Their Own Desires and Wants and Needs and Look to the Signs and Arrows and Guidance and Words and Messages and Communications From on High, Will They Find the Pathway and Be Able to Follow It and Remain Upon It. Only Then Will All Care and Fear and Trepidation Be Cast Aside and Not Sway nor Harm the Light Person.

Cling then to the Bits and Pieces and Words and Messages which the Lord above Sends to You and to Those around You, for they are the Sure Signs and Arrows Directing the Spirit and Soul along the Pathway of God. Think Not that it is Strange when the Same Words, the Same Messages, the Same Communications Come to You, for they Serve but to Remind You, to Reassure You, as You Tread the Pathway of Light and Love.

Thank You Dear Raphael.

On still Another occasion Jesus Sananda Spoke about Progress on the Pathway of Light. He Describes some of the Changes that Occur in Those who Walk this Pathway and Cautions that We Do Not Judge Each Other in Regard to Our Progress or Lack of Progress.

There is a Divine Light that Burns in Everyone and Will Continue to Burn in Everyone Until Each Person on the Earth Plane Comes To See It, Recognize It and Accept It as His Own Light, as Part of His Own Being.

When that Happens that Person Becomes a CHILD OF LIGHT. In other Words, a Child of Light is Simply One who is Aware that He is of The Light.

As a Child of Light Learns to Know More About that Light and Learns to Appreciate and Understand More of What it All means He Becomes a LIGHT BEARER. He is like a Torch or Beacon, He Allows His Light to Shine Into the Darkness of the World.

Then as He Becomes Still More Aware and is Filled with Still More Understanding He Comes to the Conviction that He, or She, Wants to Do Everything Possible to Open the Eyes of All Beings to that Light. He or She then Commits Self To Follow Spirit Wherever and Whenever He Leads and so that Person Becomes a LIGHT WORKER. He Dedicates His Life to Doing the Tasks Given Him from on High. He Shares His Knowledge and Understanding, Freely, with Everyone who will Listen and Accept. He Becomes Truly a Light Worker.

When the Time of Residence Upon the Earth has Been Finished for the Light Worker He Ascends Either through the Portal of what is called Death or Through Instant Transportation to the Realms of Light. He Lays Aside His Human, Earthly Body and Becomes Solely His Real Being, a Being of Spirit, a Being of Total Light. Thus the Ascended Masters, the Angels, the Hosts of Heaven Become BEINGS OF LIGHT. They are Marked by True and Complete Knowledge and Understanding of the Things of Spirit and They are in Perfect, True and Complete Alignment with the Source of All the Great and Wonderful I AM of All I AM's.

Now All this Process and Progress from a Person Who is Totally Unaware of the Tiny Flame Within, to the Person Who is a Dedicated and Energetic and Zealous Light Worker and On to Becoming a Being of Light, is called the Pathway of Light.

It is a Pathway which Leads to Ever More Wisdom, Knowledge and Understanding of the Things of Spirit. In the End it Leads to True and Complete and Perfect Alignment with the I AM of All I AM's.

There is No Right Nor Wrong Way to Be on the Pathway of Light. It is Not Better Nor Worse to be a Child of Light or a Light Worker or a Being of Light. They are Just Different Stages, Different Aspects of the Same Thing. Indeed, for Most People the Stages or Steps are All Lumped Together so there is No Distinguishing Them. All are Together PEOPLE OF LIGHT. All are Together a Part of the I AM and All Together Shall Remain So for All Eternity.

There are Many who Think they Must Become More and More Religious as they Progress Along the Pathway. They Believe that Being a Light Bearer Requires More Sacrifice, More Energy and Effort than to be a Child of Light. They Believe a Light Worker Spends much more Time with Spirit than a Light Bearer and So On.

These things Appear so Only in Human Terms where There is Time, Distance, Space, Limits and Finite Resources. We Speak of the Pathway of Light and of Those Upon the Pathway in Human Terms and Therefore

it Seems like there is Right and Wrong, Good and Bad, Better and Worse. In other Words in the Third Dimension it Surely Appears the Pathway of Light Requires More and More Effort, Time and Sacrifice as One Proceeds Along It.

Nevertheless, it is So That Even for the Most Dedicated and Enlightened Light Worker There is No Lack of Earthly Time, Nor of Pleasure Nor of Happiness Nor of Activity. This is so Because Much of what is Spirit, Much of what is called a Task of the Light, is Also an Activity and Task of the Earth.

The Light Worker is Just as Much a Light Worker when Showing His Light in Playing Games as He is when Meditating or Teaching or Healing. He is just as Much a Light Worker in His Daily Work and Activities of Earth as when He Kneels in Prayer or Communes with His Guides and Teachers or Leads those in Darkness to See their Own Light within.

In Human Language and Words it Sounds as Though the Light Worker Does Nothing but Work for the Light. It Only Sounds That Way for it is True that Everything the Light Worker Does Is of the Light.

Let there then be No Judgment Upon those that Walk the Pathway of Light. Whether they be New upon the Pathway or Old upon It. Whether they be Called Children of Light or Light Workers or Ascended Masters of Light. It Makes No Difference, for All Are of the Light and All they Do is of the Light.

This is Not to Say a Light Person Cannot or Will Not Stray and Be Led into Dark Matters and Ways. There is No Perfection Upon the Earth Plane when Viewed by Human Eyes and Understanding even Among Those Of the Light. But Know You This That in the Eyes of the Almighty, the I AM of All, There Is Perfection, for He Chooses Not to See the Dark Things of the Light People. He Sees Only the Perfection of the Light, His Own Perfect, Unconditional Love, Burning Within Each Person. In Human Terms He is Utterly Patient with All, including Not Only the Most Zealous but the Most Obstinate and Obdurate and Wayward as Well. To the I AM of All They Are All Alike. They are All People of Light and therefore Perfect Just the Way They Are.

Comfort One Another with these Words and this Understanding for there are Many who Would Judge the Progress of Those Upon the Pathway. There Are Many Who Would Be Quick to Point Out the Failings, the Errors, the Straying of Light People. Learn then to Look Upon One Another as the Perfect Beings that the I AM Sees when He Looks Upon Them. This is the Way of the Light.

Thank You Dear Lord Jesus.
