

18. Progress on the Pathway of Light

Progress on the Pathway of Light is a Little Like Walking Along a Path. As You Walk Along an Earthly Path You Expect to get Farther from Your Starting Point and Eventually come to the End. Progress on the Pathway of Light is a Little Different. Everyone who has Recognized the Light Within Himself is on the Pathway of Light.

Most people who Recognize the Light Within Themselves Seek to Learn More, to Understand More and to Rise to Higher Levels of Love, Service and Spirituality. Most are so Excited Over Learning and Recognizing and Accepting the Barest Rudiments of Spirituality they Cannot Rest Until They Have Learned More and Done More. This is What We Mean by Progress on the Pathway of Light. It is, in a Sense, the Same Progress as a Child Makes as He or She goes Through the Various Grades in School. It is Similar to the Progress a Child Makes as He or She Grows Physically, Mentally and Emotionally. The Difference is Progress on the Pathway is Largely a Spiritual Growth. It is Growth in Spiritual Understanding, Knowledge, Thinking, Doing and Being.

Read on then and Learn what [Jesus Sananda](#) and [Archangel Raphael](#) have to Say About Various Aspects of Progress on the Pathway of Light.

To Learn is a Concept that is Familiar to All the Children of Men. From Infancy Onward All Mankind are in a Learning Mode or State or Process. It can be Likened unto a Path that Starts Out Wide and Smooth and Level, so that One Can See and Hear and Sense Many, Many Things from All Directions and All Levels. Huge Numbers and Vast Areas of Knowledge are Imparted and Received by Infants and Small Children in their First Years on the Earth Plane. They are Inundated with That which is New, Unknown and Strange to Their Tender Sensibilities.

It is a Wondrous Time, a Time when Many are Drawn to the Light of Love of the Heavenly Father and of All Other Light Beings Everywhere. Often it is the Youngest, the Most Immature that Sense and See and Are Aware of the Elementals and Beings That Inhabit the World in Invisibility and Who See to the Care of the Beasts, Animals,

Birds and Plants of the Earth Plane. Often it is These Very Young that Are Aware of the Angels Assigned to Guard and Protect, to Lead and to Guide.

Sadly Many, Nay, Most, of Them are Taught to Ignore Such Knowings and Soon Their Senses No Longer Feel Them and See Them and They All But Disappear from Their Awareness and Knowing. Adult Humans, Most of Them, Will Not Allow Such Light and Knowing to Remain in Their Children, if They Can Help It, for They Believe It Is Evil or of a Crazy Make Up that Causes Them to See and Hear and Be Aware of Such Things.

My Child such is Not The Case at All. Indeed, Such Children are Far Ahead on the Pathway of Learning and Should Be Encouraged and Supported and Loved the More, for They are Indeed, Among the Specially Chosen to Brighten the Earth Level with the Light of Love that Comes from Above.

The Learning of Man Continues in the Homes and Later in the Schools and Classes and Work Places but, alas, such Learning is Not of Divine Matters, Nor of Spiritual Benefit But of Material, Earthly, Third Dimensional Matters, Concerns and Considerations. Quickly the Last Vestiges of the Light are Seemingly Extinguished in Most and They Go on to Be Whatever They Came to Be On the Earth Plane. They Go on to Learn, Hopefully, the Lessons that Their Lives on this Plane Give them Opportunity to Learn. Then at some Later Time, for some Earlier, but for Most Later, in the Span of Time of Life on Earth, they Again Become Aware of the Light Within Themselves, the Divine Love that Created Them and Made Them Part of the All There IS, the I AM that IS.

At that Point their Real Learning Begins. From then on They Begin the Journey that You have Begun and that All Other Light Beings are On. They Begin to Learn About Themselves and Why They Are on this Level and What They are Doing Here and

Where They Came From and Where are They Going and All the Other Multitude of Questions that Assail the Senses and Thoughts and Inner Beings of Man Daily.

They Begin to Learn of the Father's Love for Them and for All Beings. They Begin to Learn of How He Cares for Them, Protects Them, Leads Them and Nurtures Them, Feeds Them and Guides Them and Gives Them Opportunity after Opportunity to See and Know and Accept the Light of Love Within Themselves. They Learn that They are Light Beings, Light Workers, Light Bearers and that They are on a Pathway that Leads to Mountains of Knowledge, Mountains of Understanding and Mountains of Inner Knowing.

Finally They Reach the End, the Eternal Bliss which is the End of the Pathway and the Beginning of No Time, No Sadness and No Death but Only of Joy and Happiness and Bliss Everlasting.

Along the Pathway there is Much, Much indeed, to Learn and Receive and Accept. It takes Much Time, for the Human Condition is Not Able to Accept and Receive All the Wisdom, Understanding and Knowing at One Time but Must Receive it Piece-Meal, in Bits and Pieces as the Child with its Food must Receive First the Easy Things in Small Amounts and then Gradually the Harder, Firmer, more Solid Foods that will Nourish the Growing Body and Mind.

So it is with the Child of Light Upon the Pathway. He Receives the Pap First and then Gradually the Bits and Pieces of Solid, Firmer, more Intense Bits of Information as He can Absorb and Receive and Accept Them.

Much of what We have Discussed these Last Days is the Kind of Thing Needed and Learned Along the Pathway by the Children of Light. Much of this Will indeed, Help Them Along that Pathway for what I Say to You and what Raphael and Others Say to You is Truth and is To Be Shared with the Many.

One other Portion of Learning I Would Speak of to You this Day. To Man, Learning Mostly Comes from Others. Either from Others in Person, such as Teachers and Gurus and Leaders or Through Their Writings or Through the New Tapes and Pictures. This is the Sum and Substance of Most Learning on the Earth Plane. It is What Those who Went Before have Learned and then Said and Taught and Wrote.

On the Pathway of Light, My Child, It is Different. On that Pathway the Major Learning Comes From Within. It Comes with Quiet, Gentle, Calm Meditation Such as You Practice. It comes in the Still, Quiet Hours of the Morning, when Rest is Completed but the Body is Not Yet Ready for the Day's Activities. It comes From the Christ-Self that Dwells Within Each Person. It Comes, some Would Say, Through Telepathy and So It Does Indeed. It Comes from Light Beings Communicating in Hundreds of Different Ways that Have Never Been Seen Nor Heard on the Earth Level. In All These Ways, the Light Person Receives Understanding and Knowing and Truth.

Books and Tapes and Pictures are Indeed Helpful, Especially for the Beginning Path-Walker but they Soon Lose Their Value, for they are but the Words and Knowings of Others. Each Light Person Must Learn These Things for Himself. Only then Will He Be Sure and Certain of What He Knows.

This is the Arrangement God has Made for Communicating. This is the Way of Learning. Going Within is the Way, the Vehicle and the Means of Blessing for You and For All Others Who Would Understand and Know the Things of Spirit.

One of the Common Experiences Upon the Pathway of Light is to Want to Know More and More and Faster and Faster. Human's are that Way. They See or Get to Know What they Consider to Be a Good Thing and They Immediately Want More and More of It. Often when They Do Get More and More They Soon Find Out it Wasn't So Good as They First Thought. They Learn as the Child who's Eyes are Bigger Than His

Stomach that to Eat a Little Ice Cream is Great, to Eat Too Much is Some What Less than Great.

Thank You Dear Sananda.

Jesus Sananda and Archangel Raphael often Sound Cautions over Trying to Advance Too Fast, Too Much, Too Soon. This is the Essence of these Next Communications.

Archangel Raphael has this to Say. **Enough is Enough. Just as a Child Needs to Learn to Digest His Mother's Milk Before Going on to Strained Peas and Fruits and Then has to Learn to Digest them Before Going on to Solid Foods and Then Learn to Digest Solid Foods Before Going on to Coarser and Rougher and Rawer Foods, so Must a Child of the Light Be Brought Along Slowly and Carefully for There is Much to Digest, Much to Get Used to, Before Moving on to the Next Step.**

You are Still Impatient. You Still Long to See, and Hear and Know Far More than You Are Ready For. Relax and Let the Divine Order of Time Find the Perfect Moment and Then You will See and Understand More.

But Nevertheless, There are some things Awaiting Your Inner Sight and the Further Opening of Your Mind. Know that as Time goes On and You Continue this Practice of Daily Visiting with Me and the Other Beings of Higher Dimensions, You Will Know and Understand More.

Know there is No Magic, No Sudden Explosion of Insight or Understanding. It Comes Piecemeal, with Study and Listening and Waiting. You Already Understand Much but Don't Know It, as Your Spouse Has Said to You. What you Think of as Your Own Mind and Knowledge and Understanding is Mostly Your Inner Being, Inner Sight and Inner Knowing.

But be Aware there is Much to Learn, Much to Study, Much to Understand. You Cannot Begin to Grasp it All with Your Humanity Mind. Let Your Spiritual Mind, Your

Knowing, Take Over. Let Your Fingers Write Without Thought, just as the Masters Reveal it to You.

Again, I say, Begin where You Are and with Those You Know. Let the Masters be Your Inspiration and Let Them give You the Subject Matter and Words and Sentences. So it Will be For You. Very Small, Little, Toddling Steps for Now but then More and Larger and Longer and soon Greater and Greater.

Thank You My Dear Friend Raphael.

In this next Message [Jesus Sananda](#) uses Corn as an Illustration of Growth on the Pathway of Light.

My Dear Son, this evening You Helped Your Corn Plants to Finish their Life in Your Garden. Think on those Plants for a Time, Now. When were They First Born? Last Year as Kernels on an Ear of Corn in some Field or Garden or the Year Before that or before that or before that or before, before, before, before? When was it Born? When did it Burst Forth and Form a Plant and when Did it Produce Another Ear with many Kernels?

You See it takes Time, Lots of Time for a Corn Plant to Grow. In a Sense it has Taken since the Earth was First Formed Until Now for You to Have Corn in Your Garden.

The Growth of a Corn Plant then is Slow in Human Time but when Given Enough Time and with the Right Soil, Nourishment, Sun and All the Other Things Necessary for Corn, it Produces a Magnificent Product For You.

So with Your Spirit, with Your Knowing and Understanding of the Things of Light, the Things of God. The First Kernel of Knowing, of Understanding, the First Flicker of Light was Placed in You Many Thousands, Nay Millions, of Years Ago and it

has Been Growing, Becoming Brighter, Maturing and Getting Ready to Produce Ever Since. Yet here You Are Impatient, Confused, Filled with Questions, Doubts, Fears.

Do You for a Second Think I Would Spend so Much Time and Effort on Producing Corn for Your Body and Not Spend Even More Time and Effort In Nourishing and Growing Your Understanding and Knowing of the Things of God?

Set Aside Your Impatience in These Things. The Plant of Life Within You is Alive, Growing, Maturing and Ready to Produce. The Time is Drawing Nigh but You See It Not, Nor do You Recognize It, though You Have Been Told. Follow the Direction You Have Been Taking for it is the Pathway of Light. Complete the Tasks You have Been Given for they Are the First of Much Fruit that will be Produced from Your Spiritual Plant. But My Son, Do Not Be Impatient in All This. It will Come and Be Done in the Proper and Perfect Time. Fret Not at the Size of the Task Nor of the Time Required to Complete it for There Will Be Time and the Size Will Not be too Large Nor Overwhelming as it Seems Now. With My Hand in Yours All Will Go Well.

Thank You Dear Lord Jesus.

Going Slowly on the Pathway of Light is Not Confined to Learning and Understanding. It also Applies to what We do as Children of Light, the Tasks, Assignments and Activities that Become a Part of Our Everyday Lives. In addition it is Good Advice in Every Aspect and Situation of Life, Whether it be Physical, Mental, Emotional or Spiritual.

The Message of Moderation in All Things comes through Loudly and Clearly in the Next Two Communications. The First is from [Jesus Sananda](#).

Be Gentle With Yourself in These Few Days for I See You Struggling to Accept and Accomplish All that has Been Set Before You. It does Not have to be Done in a Day or a Week but as Your Will, Your Strength, Your Spirit Moves You. I Will Not Let You Lag too Far nor Delay too Long but will be With You in Gentleness and Love and Support and Assist You in Completing Your Tasks.

Thank You Dear Sananda.

And Archangel Raphael says, **Listen to the Words of Our Lord for They are Gentle and Loving and Full of Wisdom. It is Not Necessary to Overdo, to Try to Complete Everything in Record Time. There is Urgency, Yes, for the Time of Our Lord Draws Nigh but Not Such Urgency as to Cause You Uncomfortable Feelings and Pressure and Worry. Do not Continue to Push Yourself So Hard that it Becomes a Meaningless Chore. Let it Flow Out of Your Heart when You should Work on the Tasks Assigned to You.**

Continue as in the Past but use Your New Found Discernment to Decide When and How and How Long and All the Other Questions that Will Arise When Confronted with Choices to Do or Act or Spend Time On this That or the Other Thing.

Moderation in All Things is, Indeed, a Motto, a Saying, that Will Bring With It Blessing and Great Rewards Along With Great Achievement.

Thank You Dear Raphael.
