

38. Uplifted

The word, Uplifted, is one of those Old Words that isn't used very Often any more. Yet it is a Word which Occurs a Great Deal in Spiritual Writing and Speaking. It is a Wonderful Word!

Lord Jesus discourses on this Word in this next Communication.

You Know the Bare Meaning of the Word, Uplifted. It Means to be Raised from a Prone or Low Position to a Higher One. This is the Physical Sense and Meaning. In Spiritual Terms it is the Same. To be Uplifted in a Spiritual Sense is to be Raised From the Poverty of Earthly Sight and Knowing, with Limited Vision and Understanding, to a Higher Level of Understanding and Knowing.

It is spoken of at times as a Higher Level of Vibration and So It Is, for All Things Vibrate According to the Level of Their Understanding and Acceptance and Knowing of Their Oneness with God and their Universal I AM PRESENCE. As they Learn to Know these things They are Uplifted in Spirit, in Vibration, for Their Knowing is Finer, Clearer and more Accurate than it Was in the Past.

To be Uplifted in the Spiritual Sense also Means one is more Cheerful and Happy than in the Past. If Man Lives His Lives Not Knowing and Recognizing the Light Within Himself, He Struggles and is Oftentimes Sad and Unhappy. Often He Doesn't Know Why He Is Unhappy but Just Is.

The human term, Depression, is Well Suited to this State of Affairs, for One Who is Unknowing of His Divine Light is Truly in a Hole, a Depression, so Deep that All Looks Black and Gloomy and Dark and Negative. It is in This State that the Forces and Beings of Darkness Not Only Dwell But Prosper and Grow and Flourish. For it is True that when Mankind Does Not Know His Light Within, He Sees Only Darkness and Darkness Breeds More Darkness. For Is It True That What Man Perceives He Receives.

Oh, how Different, However, After Man Has Seen the First Spark, the First Glimmering of the Light of God Within Himself. All is No Longer Darkness and Negative. There is Light which is the Love of God for Man. There is Hope, Real Hope, True Hope and Not Just Some, "Pie-In-The-Sky," some Kind of Wishing It Weren't So, but Instead, Knowing Inside It Really Is So.

Man No Longer Casts His Eyes Upon the Earth Alone after He has Seen His Light. He Lifts his Eyes and Beholds the Glories of the Heavenly Father's Creation All Around Him. He Sees, at First the

Spark, then the Flame and then the Blaze Springing Up and Warming Not Only Himself but All Those about Him, with that Precious Light of Love that Streams From Above and Dwells Within All on this Earth.

Uplifted? Indeed! The Heart Sings and the Blood Races Through the Veins. The Pulse Quickens and the Breath is Strong and Deep and Sure. No Stumbling in the Darkness of Ignorance, for with the Light Stumbling is a Thing of the Past and for as long into the Future as Man Sees the Light Within. With Head Held High and Spirits Bursting with Love and Gratitude and Peace and Quiet and Serenity and with a Lively Step, a Bouncing Walk, a Joyful Mien, a Smile on the Lips and Joy in the Heart and Peacefulness in the Mind, the Child of Light, the Light People, the Light Workers Sail Through Life on Earth! This is what is Meant By Uplifted in the Spiritual Sense.

It is also more, My Child. You ask the Spirit to use the Whirlwind of Elijah to Protect You, Prepare You for Meditation, to Surround You and Most of All to Uplift You, every Evening. It is a Good Picture, a Good Choice, for even as Elijah of Old was Lifted Up from the Earth Into the Realms of the Heavens, So To Be Uplifted Means the Very Same For the Child of Light.

Oftentimes the Light Workers on Earth Speak of the Ascension of All Beings to Higher Realms. That, My Son, is Nothing Less than to be Uplifted in the Same Sense as Elijah was Uplifted in the Past. The Heavenly Father has Often Lifted His Children from the Earth to His Side Without Intervening Death.

More often, however, He Allows what is Called Death to Come Upon the Children of Men when their Lessons Have Been Learned or Discarded and Their Stay Upon the Earth has been Finished. He Allows this Physical Death to Come Upon the Children of Men, Not Out of Perverseness Nor ill Will Nor as Punishment, but Out of Love.

It is a Lesson for You to See. This Physical Death Appears to be a Fearsome Thing in the Eyes and Hearts of Mankind. It Isn't a Fearsome Thing At All, but Merely the Shedding of the Earthly Human Husk and Frame that was Used and Borrowed for a Time. Nevertheless Man Fears Death and Therefore the Heavenly Father Uses This Death, this Shedding of the Body, to Offer a Lesson to the Children of Men.

He would that they Learn They Are Not Bodies, Not Skin and Bones and Blood and Hair but the Real Person Is Their Soul and Spirit Which Never Dies. Many times the Outward Death of a Loved

One has Taught Man that the Real Importance of Living is the Spirit and Not the Body. So Man Learns to Look Not Just Upon the Outward Appearance but Upon the Inner Soul and Spirit of those About Him.

Often Times then at the Death of a Loved One, the First Glimpse of the Spark of Light Within Is Seen and Recognized and Thus Another Person Begins the Walking on the Pathway. Thus Does the Father Use Earth Death as a Lesson, an Opportunity, for Those Remaining Upon the Earth.

There is, however, a Genuine Upliftment At the Time of Earthly Death. That is the Raising of the Soul and Spirit to Higher Levels of Vibration and Being. No Longer Does that Person Dwell On and In the Third Dimension of the Earthly Plane but is Uplifted to the Fourth and Fifth and Eventually to All the Rest of the Dimensions. This too is Part of the Meaning of the Word Uplift.

It is a Good Word for the Children of Light to Know and Use. It Carries much that is Precious and Worthy Within Itself. I would then that you Continue with this Definition and Explanation and Discussion of this Precious Concept and Event in the Life of Light Beings. Use the Word Often, Define It and Let Its Joy and Glory Ring Out and Uplift All Those About You.

Thank You Dear Sananda.
