

# 1. Universal Laws That Pertain To The Year 2016

Beloved Malachi, Katherine Bell, Ph.D.D. and "Marrianna"

What can You Tell Me about The Universal Laws that Pertain to the Year 2016?

Alright, Beautiful One, Here again We Will Speak about First, that You Say Twenty, Then Sixteen, so Your Looking Continuously while You go through The Millennium of Your First Century. Your looking at a Two, Zero, and Twenty as that which is Called the Law of Soul Evolution. There is a Grand Evolution of The Soul of Humanity, Not Simply Your Individual Self. There is a Grand Evolution of The Soul of The Earth and Indeed The Universe and The Divine Self is Helping that Evolution. The Power of The Sixteen Carries The Law of Purification, so Again You will find this Purifying Reality taking place All across Your World and in Your Own Individual Selves. You'll be asked to continue to Purify Your Thinking, Your FEELINGS, and Your Human Bodies so that You may Evolve as is Necessary. Then We will take the Numbers Individually the Number Two is Carrying That Law of Wisdom and Reminding Everyone of You that You have Universal Wisdom Imprinted within You. You Must Sit in Your Quiet in Order to Hear it, to FEEL it, and to Live it. The Beautiful Zero Carries The Universal Law of Love, so You Know in This Evolution there is a Great Love of The Universe Impressing Within Each Being How to Find That Point of Harmony. The One, is The Law of Expression, unto Yourselves it is The Universe Expressing through You to Each Other. It is How You are Choosing Your Words to Express to Others, for The Beautiful Sixteen is also Related to Hebrew Letter PEH which Means the Human Mouth. The Beauty of The Six is The Law of Union, and How Each of You are Forming that Union with Your Highest Nature, that allows You All to Be Masters. When You Bring Them All Together You have That Beautiful Number Nine, the Energy of The Beautiful Universe, it is Called The Law of Wholeness. As Each of You Allow Yourselves The Purification and The Evolution You will Find Yourselves FEELING more and more Whole and Complete Within Yourselves as You are Cultivating Your New Lives!

Thank You Very Much My Beloved Malachi
