

## 2. Evolutionary Laws of Consciousness Awareness In The Fifth Dimension

**Beloved Malachi, Katherine Bell, PH.D.D. and "Marrianna"**

Can You Share with Me The Evolutionary Laws of Awareness that Pertain to The Sub-Planes and The Full-Planes of Consciousness in The Fifth Dimension?

**Alright Beautiful One, You will Always Use The Number Five to Know The Law of Life Mastery and what is That Fifth Dimension Aiding All of You to Master? It is Not Only a Greater Aspect of Love That You are Mastering, But it is the Component within Each of Your Souls that Help You Master the Reasons Why You are Born on Earth. The Talents that You Bring Forward, The Wisdom That You Have Impressed within Your Soul, is to Be Shared with Others. Then Beautiful One, Your Laws of Awareness are Indeed the Awareness of How to Express the True Self, the Potential within You is it Not? To do that with The Universal Law of Love is Always to Let it Be More Impactful within Yourselves. So as You Communicate with Others You are Communicating a Higher Truth. The Gift of what is Called within Your Soul, the Intention that You as an Individual are to Bring Forth Your Very Sacred, Sacred Talents. Whether it Be by Speaking, by Writing, by Notifying Others of what You Know. In Your Reality that is what You are Doing, is it Not? Remember to Keep it Simple For Yourself that You Do Not Overwhelm Yourself so Remember the Simplicity, the Beauty of Mastering Balance within Your Soul. This You Have Brought Forward Here to The Greater Power of Love, Unconditional Love of The Self, as You would have The Unconditional Love For The Divine.**

Thank You Beloved Malachi
