

5. Attaining Focused Observational Abilities, The Power of The Word "Allow"

Beloved Malachi, Katherine Bell, Ph.D.D. and "Marrianna"

- **Attaining Focused Observational Abilities**

Can You Assist Me in Attaining Focused Observational Abilities, and Mental Thoughts in Living in The Now Moment so I can Attain Self Mastery and Successfully Transverse the Path of Illumination Into the Realms of The Cosmic Stream of Knowledge of My Sacred Mind and then Incorporate the Unique Rules, Laws and Truths of My Next Level of Existence in My Ascension Consciousness?

So Here Let Us Begin, Let Us Share this Beautiful One, it is Very Important That You Stay Alert, Alert to What will Again Alert You to Your Thoughts, where are They Traveling, Alert to Your FEELINGS as You are Thinking What Your FEELINGS are and You Let Yourself Slip Away in The Moment so, it is Called Attention is it Not? Be Alert, Aware And Attentive and Each Time You Realize that You have Slipped Away From Your Moment You Will Ask Yourself to Come Back, Will You Come Back, Will You Come Back to The Moment? For in Doing so Beautiful One, You Will Master the Mind, when you Master The Mind You Open it to The Stream of The Divine Mind. Then You will Be Content in The Moment, Do Not Worry about what Tasks Must Be Done and when They Must Be Done or when They Can Be Done in a Hurry, Hurry Way. Do Not Worry, again You will Be in that which is Called The Power To Allow. Will that Help You?

Yes, Thank You! I Just Need to Sit Down and Do it.
