

Part 2- New Earth

Section 1

2. The Federation of Galactic Light

Beloved Malachi, Katherine Bell Ph.D.D. and "Marrianna"

What can You Tell Me about The Federation of Galactic Light in The Milky Way that Oversees Everything on Planet Earth? Are They Sending in Waves of Energy to Help Us and Maybe They Want to Relocate Some of the Negative People to a Parallel Third Dimension. Is that Anywhere in the Ballpark of Something that Could Be Happening, Rather than All of Us being able to Ascend at One Time?

Beautiful One, There is the Constance of what is called Change in Your Consciousness, Change in Your Perception of Where You are Living Here in What You Call Your Present Here and Now. Whether it is another Galactic Form of Yourselves or Galactic Planetary Vibration of All of That, is Potential.

If it is to Be, it Will be like We are All of the Same Vibration and All go to One place?

Indeed.

Then We simply be it!

You Will Not Even Realize, What You Would Call Taken, You Will Simply Recognize You are in a Different State and Attitude of All The People You are Living With on Your Earth, so again it would Look Like You are Still on Your Planet Earth.

Okay, I have to say I AM Already FEELING that I Do Not See Anything Like Anybody Else Does Here, I almost FEEL Lost but I Know I AM Not Lost, But I Do Not Fit in and I Do Not Participate in Their Realities. But I Do Not Think They are Wrong it is Just Not My Belief Anymore.

Well Remain with Your Nonparticipation, then You are Not Fueling and Participating with the Energy of Those that are Participating in The Great Fears and The Great Challenges.

Just Know Spirit Will Take Care of Us All, However That is to Be?

Indeed.

I can Do that Very Easily. Thank You. So Much is Happening Here on Planet Earth. I Hear Everybody and They can Only See The Bad and The Ugly. I See that there are So Many Stepping Out to Help the Other People. I Share that with People and They are Just Kind of Quiet for a Minute. It Allows Them to See the Two Sides of that Same Coin.

Indeed.

Thank You Beloved Malachi.
