

## **Part 2 - New Earth**

### **Section 1**

#### **1. My Visit To The Emergency Room**

**Beloved Malachi, Katherine Bell Ph.D.D. and "Marrianna"**

Two Day ago I Spent Six Hours In The Emergency Room, for Chest Pain, Congestion, Heart Burn and Upset Stomach. I also Received My Results for My MRI on My Back. Would it Serve Me to Have Another Back Surgery at This Time, I Have Been Sick for Nine Months? Can You Help Me?

**Beautiful One, First When You Say Can You Help Me, We Say Unto You, Relax of Course Always, Into The Holy Spirit! It Will Help You Gain That Return of Health and Return of Vitality! We Are also Going to Ask You To Call Forth The Archangel Tzaphkiel Who Will Help You With Your Bone Healing.**

Thank You Very Much.

**Now Beautiful One, You Asked the Question, Can I Undergo Another Surgery, Not Right Now.**

Yeah, I **AM** Not Well.

**You Are Not Well Enough, Indeed Beautiful One, We Would Not Say You Could Undertake Another Surgery for Approximately One Year!**

So I Should Get The Shots?

**You Should Indeed, Beautiful One, You Must Be Without Your Stress and Your Pain. Tension Within Trying To Hold The Body In Its Steadiness Does Indeed Leave You With What is Called, Open for Diseases and Viruses and Problems That Are Surfacing Out of Your Atmosphere.**

Thank You Very Much, My Beloved Malachi!
