2. My Sexual Dream That Enlarged My Heart

Beloved Malachi, Katherine Bell Ph.D.D. and "Marrianna"

I Want To Describe To You a Sexual Dream I had Recently, it was an Extremely Unusual Dream Experience, Encounter. It Felt Like Something was Having Sex with Me, in a Way I Have Never Experienced Before. My Body Moved and Bounced, I Climaxed Twice, But I Did Not **FEEL** Penetration. I Did Not Recognize The Energy But It was Positive Energy, but Very Confusing To Me!

My Body **FEELS** Different, It Is Like It Has Been Expanded, Like My Heart Has Been Enlarged and It Can Hardly Fit Into My Rib Cage and **I AM** More Aware of My Heart Now!

What Really Happened To Me and Who or What Was It and Does It Have Anything To Do with The Sacred Downloading Process or Was It Just a Unusual Dream? Is My Heart Okay?

Beautiful One, Let Us Honor That It Is Not What You Call Just an Unusual Dream! You Have Been Working With That Which Is Called, The Work To Advance Your Consciousness To More and More Aligned With Your Holy Spirit, and With That Divine Level of Awareness, What Has Happened Here, What Is Often Times an Experience of Human Beings, that Continue To Advance and Move Into New Planes of Consciousness. Then That Experience Is Very Sexual To The Human Concept, and Very Sexually Empowering To The Human Consciousness and That Steps Dramatically Into Its Body. Yet The Transformation Was Occurring Again Raising Your Consciousness of You To New Planes of Awareness. So You May Say, Was This Expanding, Will It Expand The Heart Center. Indeed It Will, for The More You Are Blending With That Divinity of Yourself, The More Your Heart Knows and Takes In The Universal Love!

Thank You Very Much, My Beloved Malachi!
